ABOUT ME

Motivated and detail-oriented Web Developer and Programmer with strong skills in data analysis and problem-solving. Passionate about creating efficient, user-friendly solutions and eager to embrace new challenges. Committed to continuous learning, adapting to new technologies, and contributing effectively to team success.

EDUCATION

RAJASTHAN TECHNICAL UNIVERSITY- RIET- JAIPUR Bachelor of Technology in Computer Science and Engineering	2022-2026
CBSE-RYAN INTERNATIONAL SCHOOL- JAIPUR Class-XII(PCM)	2018-2019

SKILLS

TECHNICAL SKILLS

- Web Development: HTML, CSS, JavaScript
- Programming: Python, C/C++, Algorithms, OOPS
- Tools: VS code, Qoder, SQL, Excel
- Generative AI Tools :ChatGPT, Gemini, Grok, Huggingface
- AI-Powered Research & Content Generation
- Prompt Engineering

SOFT & INTERPERSONAL SKILLS

- Public Speaking & Event Hosting
- Decision-Making & Leadership
- Communication
- Team Collaboration
- Adaptability & Continuous Learning

WORK EXPERIENCE

Data Analyst Intern – IBM SkillsBuild 45 Days Internship | Jun -Aug 2025

- Gained hands-on experience in Data Analysis using SQL, Python, and libraries (Pandas, NumPy, Matplotlib).
- Collected, cleaned, and optimized datasets to improve accuracy and efficiency of analysis
- Conducted exploratory data analysis (EDA) to identify patterns, trends, and insights in large datasets.
- Created visualizations and dashboards to present results in a clear and meaningful way.
- Collaborated with a team to develop a COVID-19 Data Analysis Project, which was selected at the national level.
- Improved teamwork, problem-solving, and project management skills by working in a collaborative environment.
- Learned practical applications of data storytelling and how to translate complex data into actionable insights.

Intern – State Bank of India (SBI) 45 Days Internship | Jul-Aug 2025

- Gained practical exposure to banking operations, customer service, and financial procedures.
- Assisted in daily branch operations, including account handling, documentation, and transaction verification.
- Learned about financial products, banking regulations, and compliance procedures.
- Supported the team in analyzing branch data and performance metrics to identify process improvements.
- Developed communication, problem-solving, and professional skills through interaction with clients and staff.
- Participated in branch events and workshops, enhancing understanding of organizational workflows.

Projects

COVID-19 Data Analysis-IBM SkillsBuild

- Designed and implemented a data analytics solution to make global COVID-19 data accessible and interpretable
- Processed and cleaned datasets from Our World in Data (OWID) using Python (Pandas, NumPy) and validated with Excel
- Developed comparative metrics like Case Fatality Rate (CFR), per-million normalization, and Human Development Index (HDI) correlations.
- Built an interactive Power BI dashboard with KPI cards, time-series charts, choropleth maps, slicers, and scatter plots for HDI vs CFR.
- Tested hypothesis: "Countries with higher HDI show lower fatality rates", providing insights into healthcare efficiency and pandemic management.
- Project selected at the National Level under IBM SkillsBuild PBL initiative.

Strategic Banking Analysis Report – SBI Internship

- Authored a comprehensive internship report analyzing SBI's strategies to improve low-cost savings deposits and attract High-Net-Worth Individuals (HNIs).
- Conducted research on competitive banking trends, fintech disruption, and customer behavior
- Proposed solutions including YONO app enhancements, financial literacy campaigns, and HNI-focused services
- Designed a pilot implementation plan for Jaipur region, with measurable outcomes for CASA growth and customer retention.
- Strengthened skills in business analysis, report writing, and strategic problem-solving.

Extracurricular Achievements

- College's First Mr. Fresher Award – Honored as the first-ever Mr. Fresher of the college for confidence, personality, and communication skills.
- Event Hosting – Hosted multiple college events, showcasing strong public speaking, leadership, and stage management skills.
- Hackathon Achievement – Secured a place in the Top 5 teams at a competitive Hackathon, recognized for innovative problem-solving and teamwork
- Team Collaboration – Actively contributed in group projects and events, strengthening interpersonal and organizational abilities.
